

MOHAN FOUNDATION

TO WHOMSOEVER IT MAY CONCERN

I am happy to endorse the Amit Gupta Foundation and their initiatives. They are making a modest but significant contribution in changing the organ donation and transplantation scenario in India, especially in NCR.

Founded by Mrs. Anasuya Gupta, the Foundation has its heart in the right place. Anasuya is driven and passionate about organ donation and changing the awareness and perception levels of the general public on this issue. Since she has had a personal experience with transplant, (of her late husband on whose memory the Foundation has been set up) she understands the plight of patients awaiting transplant and their families and strongly feels this is an area that needs special interventions in order to meet the emotional, medical and information needs of such patients and families.

As the Foundation is growing, dedicated staff that has undergone special training for the same from MOHAN Foundation will be taking forward the mandate.

I wish the Foundation all the very best in its future endeavors.

Dr Sunil Shroff
Managing Trustee
